

# STUDENT ASSISTANT - HR & RECRUITMENT

## **Are you passionate about HR in organizations and would like to join an international software company on an exciting growth journey?**

As HR/Recruitment Assistant you will get a chance to develop yourself and get responsibilities in accordance with your growing qualifications.

Visiopharm is a very successful software company, and among the best in the world within image analyses and digital diagnostic of cancer. Over the last years, we have received not just one, but two "Børsen Gazelle" and are growing extremely fast. Therefore, our priority will always be recruitment and to make sure that we have the right number of employees at the right time. Your main assignment will be to contribute to building up a pipeline of relevant candidates through a selection process and sourcing candidates. As we are growing, we also need to get HR systems to support our process and execute on different national and international HR projects and activities following the annual HR cycle.

Your tasks will be;

- Search LinkedIn for relevant candidates and make the first contact
- Make employer branding activities such as videos and advertisement
- Contribute to optimizing existing HR process
- Join HR projects such as finding the next recruiting and HR system

### **About the team**

HR is a newly established department under the Group Functions, and you will report to the HR Manager. Our culture is known for being entrepreneurial and grounded in Danish work ethics with an open and informal atmosphere.

### **Put your academic knowledge to practical use**

You are studying in a relevant HR field, and understand the IT software business, but it is not a requirement. You have around 2-3 years left of your education and can work 15-20 hours per week. We are flexible with when you put in the hours.

As a person, you are structured, outgoing and have a good sense of humor. You learn quickly and have a good interest in getting to know both the details about recruitment and other HR and administrative activities.

We are recruiting candidates both national and international, and therefore it is a requirement that you speak and write Danish as well as English.

## About Visiopharm

Visiopharm is contributing to finding the right cancer treatment for the right patient at the right time (precision medicine). We do this by offering a suite of software tools for tissue-based cancer diagnostics. These tools are based on digital image analysis, the latest breakthroughs in AI and Deep Learning, combined with a deep understanding of diagnostic workflows in the pathology lab.

Over the past few years, Visiopharm has evolved into a global company with more than 60 people working across 30 countries. Since January 2018 more than 20 people have been hired, and we are still growing, having high ambitions for the future.

Together with our investors (ATP, Vækstfonden, C. L. Davids Fond, Northcap Venture Partners) Visiopharm recently raised a capital injection of approx. DKK 100 million in August 2018 - with the purpose of paving the way for continued growth and stock exchange listing over the coming years.

Visiopharm A/S is headquartered in Medicon Valley, Denmark, DTU Science Park in Hørsholm, and has branch offices in Sweden, UK and a North American office in Broomfield, Colorado.

Location: You will be working from our HQ in Hørsholm.
